
The following issue(s) have been raised as there are minor errors on the annual return which we wish to draw to the attention of the council so they do not occur again in future years.

The comparative figures disclosed in Section 2 of the Annual Return do not agree to the audited Annual Return for last year. We believe the figures have been input in error but the error does not affect the balance carried forward into the current year.

Why has this issue been raised?

This is to draw these minor errors to the attention of the smaller authority.

What do we recommend you do?

The smaller authority should ensure in future years that the above minor errors or omissions are not included in the Accounting Statements.
